Tech Mahindra is guaranteeing interviews at its India locations for edX learners who successfully complete this MicroMasters program and meet other hiring criteria. Today's disruptive business landscape demands for our talents to be future ready and it is our prime responsibility that the right tools and innovative pathways are facilitated for them... We are excited to work together with edX because careers will be facilitated with a blended learning environment, as well as this gives us the opportunity to bring in new ideas to the table and enhance our customer's experiences.

CP Gumanii, CEO, Tech Mahindra

r what other learners have to say

I'm a fan of edX's new way of learning. Thousands of people can study from anywhere in th world. It's a wonderful idea.

MicroMasters programs are a series of graduate level courses from top universities designed to advance your career. MicroMasters program certificates showcase deep learning and in-demand skills to employers and can help you get started on a path toward completing an advanced degree.

How to Earn a MicroMasters Program Certificate

To earn the program certificate, learners must successfully complete and earn a verified certificate in all three of the MicroMasters program courses.

From Program Certificate to a Master's Degree

MicroMasters programs are designed to offer learners a pathway to an advanced degree and can count as credit toward completing a Master's degree program. Learners who successfully earn this MicroMasters program certificate may apply for admission to

Program Availability

Unfortunately, learners residing in one or more of the following countries or regions will not be able to register for this program: Iran, Cuba and the Crimea region of Ukraine. While edX has sought licenses from the U.S. Office of Foreign Assets Control (OFAC) to offer our programs to learners in these countries and regions, the licenses we have received are not broad enough to allow us to offer this program in all locations. edX truly regrets that U.S. sanctions prevent us from offering all of our programs to everyone, no matter where they live.
