DURATION
7hr 9m

Are you looking to make a career change to become a data scientist? This skill path is focused on helping existing data professionals, such as data analysts and data engineers, learn the core skills and knowledge necessary to become data scientists.

In this path | About this path

Section One
Data Science Core Skills

Watch the following courses to get started on...

COURSE

Becoming a Data Scientist
By Jason Browning, Ph.D.
Feb 2024
• Intermediate • 42m

COURSE

Identifying and

What is Skill IQ?

Skill IQ offers two distinct assessment types, each designed to help you achieve different goals.

Skill IQ Prep
Prepare for your certification exam with practice exams aligned to industry standards.

Skill IQ Verified
Measure your skill against defined proficiency criteria and demonstrate readiness for job roles or responsibilities.
